

Automated pallet handling with the versatile pallet dispenser from CCI

- Suitable for stacking, separating and storing empty pallets (e.g. Euro, industrial and half pallets).
- Purely electromechanical - without hydraulics and pneumatics.
- Flexible in the choice of load handling equipment (roller-, chain conveyor, chain lift transfer unit).
- Wide range of versions possible:
 - Front feed / back delivery.
 - Front feed/side delivery (right or left or right and left).
 - Front feed / side and back delivery.
 - Pallet feed crosswise or lengthwise.
- The lifting and gripping movements are initiated by solid roller chains and guided by maintenance-free rollers.
- Minimal control effort, as all movement sequences of the pallet dispenser are executed by just one drive.
- Due to the solid construction, damage is almost impossible.
- Direct loading with forklift possible.
- The robust stacking arms allow the pallet stack to be refilled at any later stage.
- With a pallet capacity of more than 15 pallets, a guide chute bolted onto the main frame secures the pallet stack.
- Surface sendzimir galvanised or powder-coated in your RAL colour.
- Optionally wired to terminal box.
- Special version on request.

List of abbreviations

FGT	= conveyed material typ	N	= amount of pallets	LT	= clear depth	x	= safety distance for light grids
FGB	= conveyed material width	FHmin	= conveying height	RT	= frame depth		
FGL	= conveyed material length	GH	= total height	LB	= clear width		
FGH	= conveyed material height	RH	= frame height	RB	= frame width		

Standard dimensions in mm (Special versions are possible on request)

Conveyed material				Dimensions							
FGT	FGB	FGL	FGH	N	FHmin	GH	RH	LT	RT	LB	RB
Euro crosswise	1200	800	144	15 / 20 / 25 / 30	300	FGH x N + FH	1500	910	1370	1250	1690
Euro lengthwise	800	1200	144	15 / 20 / 25 / 30	300	FGH x N + FH	1500	1310	1770	850	1290
Indu crosswise	1200	1000	144	15 / 20 / 25 / 30	300	FGH x N + FH	1500	1110	1570	1250	1690
Indu lengthwise	1000	1200	144	15 / 20 / 25 / 30	300	FGH x N + FH	1500	1310	1770	1050	1490
2x half pallet crosswise	800	2 x 600	165	15 / 20 / 25 / 30	300	FGH x N + FH	1500	1310	1770	850	1290
